

## Catalyst's global expansion

This month we have focused on our global expansion. Catalyst has opened a new office in Canada. We're hiring new members of the team, within development and sales roles. We are looking to hire people that are creative and productive and be an active part of our business not only grows, but also innovates. We are working with new and existing partner projects and growing our Higher Education and NGO network.

## What's new?

### Global expansion

#### Canada office opens

We have opened a new office in Ottawa, Ontario. Matt Porritt has been appointed Director and COO of Catalyst IT Canada has vast experience of working with enterprise-level clients across the higher education and government sectors.

“Thanks to our presence in Canada, Catalyst IT can establish closer relations with our Canadian and North American clients and is better positioned to respond

to local and regional market needs,” said Matt Porritt, COO of Catalyst IT Canada.

### Navitas Case study

## Migration of 40 LMS sites to cloud managed services on AWS

Catalyst provided a fully managed solution for Navitas. This involved upgrading and standardising the codebase across the 40 Moodles sites, then customising each one with its unique requirements. The sites were then migrated seamlessly to cloud hosting on [Amazon Web Services \(AWS\)](#).
